Click a state to go to its page.

Getting Started

To get started, visit: <https://davesredistricting.org/>

- Click on menu bar in upper left corner.

Sign up for a Free Account

This will allow you to create and save your own redistricting map.

Draft Maps

To access published maps, or to start drawing your own map, click on the three lines located in the top left corner of the page and select "Maps" from the options pane.

Name ↑	Modified	Plan		State
AK 2018 Lower State House	May 2	2010	100	AK
AK 2018 Upper State House	Feb 27, 2020	2010	81	AK
AK 2020 State House	Nov 9	2020/Lower	100	AK
AK 2020 State Senate	Nov 9	2020/Upper	92	AK
AL 116th Congressional	May 2	2010	21	AL
AL 2018 Lower State House	May 3	2010	100	AL
AL 2018 Upper State House	Nov 5, 2019	2010	93	AL
AL 2020 Congressional	Nov 9	2020/Congress	8	AL
AL 2020 State House	Nov 9	2020/Lower	86	AL
AL 2020 State Senate	Nov 9	2020/Upper	73	AL
AR 116th Congressional	Apr 29	2010	53	AR
AR 2018 Lower State House	Nov 5, 2019	2010	80	AR
AR 2018 Upper State House	Nov 5, 2019	2010	67	AR
AR 2020 Congressional	Nov 9	2020/Congress	57	AR
AR 2020 State House	Nov 9	2020/Lower	92	AR

Published Maps

Select “My Maps” on the top left-hand side of the screen:

My Maps ▾

Next, select “Published Maps” from the options pane:

Map Search

Using the search box, enter your jurisdiction's name + template (Porterville - template) to find the base map created for you. You can also enter just your jurisdiction's name to find any related published maps. These maps can be used as a good starting point.

The screenshot shows the DRA2020 website interface. At the top left, there is a menu icon and the text "DRA2020". To the right is a search bar with the placeholder text "Search and Filter Maps" and an information icon. The search bar is circled in green. Below the search bar, there are navigation options: "Published Maps" (with a dropdown arrow and "(16,452 maps)"), "View", "Share", and "Duplicate".

The main content is a table of published maps. The table has the following columns: Preview, Name, Owner, Labels, Modified, Plan, a share icon, and State. The "California 2022 Congressional Districts" row is selected, indicated by a red checkmark in the Preview column.

Preview	Name	Owner	Labels	Modified	Plan	Share	State

Map Search

The screenshot shows the ArcGIS Online interface. At the top left, the search bar contains the text "eastvale - template" and is circled in green. To the right of the search bar are links for "About Data", "What's New", "Feedback", and "Help". Below the search bar, there is a "My Maps" section with a dropdown menu showing "1 map". To the right of this section are buttons for "New Map" and "New Community". Below these elements is a table with the following columns: "Preview", "Name", "Owner", "Labels", "Modified", and "Plan". The table contains one row with the following data: "Eastvale - Template", "stephanie.smith", "6:49 AM", and "2020/Other". A blue box with white text is overlaid on the table, containing the text: "For example. See this search for Eastvale, California below."

Preview	Name	Owner	Labels	Modified	Plan
	Eastvale - Template	stephanie.smith		6:49 AM	2020/Other

Duplicate Map

The screenshot shows the DRA2020 web interface. At the top, there is a search bar with 'Eastvale' entered. Below the search bar, there are navigation links: 'About Data', 'What's New', 'Feedback', 'Help', and 'Donate'. The main content area is titled 'Published Maps' and shows a table with one map entry. The 'Duplicate' button is circled in green, and a checkbox next to the map entry is also circled in green.

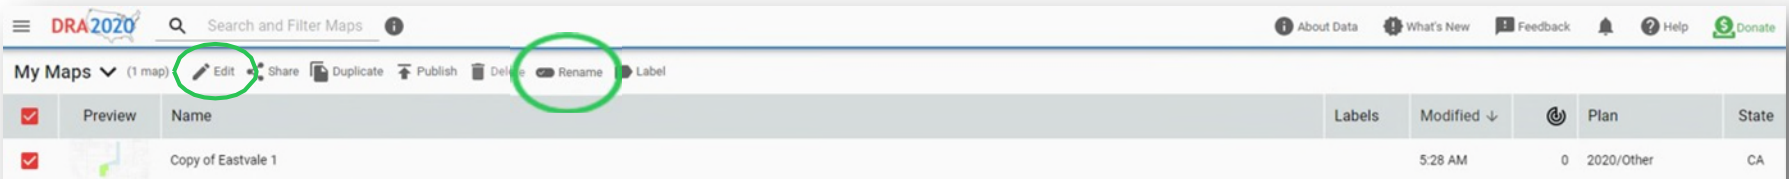

<input checked="" type="checkbox"/>	Preview	Name	Owner	Labels	Modified ↓	Plan		State
<input checked="" type="checkbox"/>		Eastvale 1	stephanie.smith		Nov 12	2020/Other	0	CA

Click on the checkbox next to the map that you would like to use, which will select it, and click “duplicate” to make a copy. This will allow you to make modifications.

PLEASE NOTE: The program can take approximately 15 to 30 seconds to load the duplicate map under “My Maps”

Rename Map

Now that you have duplicated your map, you will need to rename it. Make sure the duplicate map is selected (check mark), select “Rename”, on the toolbar, insert a new name and add a description for your new map. **Tip:** Put your name in the renamed map title, i.e. Bob’s map, etc.

To begin modifying your new draft map, click “Edit” from the toolbar.

PLEASE NOTE: that the program can take approximately 15 to 30 seconds to load the map once you have selected “Edit”

Edit Map

The screenshot displays the DRA2020 software interface for editing a map titled "Copy of Eastvale - Template". The interface includes a top navigation bar with icons for home, chat, share, and help. Below the title bar, there are tabs for "Map", "Statistics", "Analyze", "Compare", and "Advanced". A gear icon in the top right corner is highlighted with a red box and a yellow callout box that reads: "First, click on the gear icon to reapply the Agency settings to your map. Then select Apply".

On the left side, there is a "District Selector" panel with a table of districts and their populations. Below it is a "Colors" panel with an "Overlays" section. The "Background Map" checkbox in the "Overlays" section is circled in green, with a blue callout box pointing to it that reads: "Next, click on the background map in the Overlay box. This is located in the lower left corner and will allow you to view streets." The "Background Map" checkbox is currently unchecked.

In the center, a map of Eastvale is shown with district boundaries. A "Tools" menu is visible above the map. On the right side, there is a "Precinct Details" panel with two tables: "Total Population 2020" and "Voting Age Pop 2020".

At the bottom right, a "Map Settings" dialog box is open, showing options for "Data Selector", "Primary Datasets", and "Color Map from File". The "APPLY" button at the bottom of the dialog is circled in green.

© 2021 Dave's Redistricting, LLC. © Mapbox © OpenStreetMap Improve this map

Select the Paint brush in the menu bar above the map.

Click on the Census Block(s) you would like included in the selected District. The color of the census block will change to the District being edited. A running total of the population in the District being edited is shown in the District Selector Box.

Repeat these steps until all areas of the map have been assigned to a District.

Editing Tips

- The target population for each district is 12,525. Deviation of 5% to 10% may be considered.
- To see what the population within a Census Block is before assigning it to a District, hover the cursor over the Census Block. Population and demographic statistics for the Census Block will appear in the “Block Details” box.
- To change the District a Census Block has been assigned to, use the paint brush tool to select the District in the District Selector box you want to change the Census Block to and then click on the Census Block you want to change. You may also select “Un” (Unassigned) in the District Selector box and click on a Census Block to leave it unassigned.

Tips for Quality Maps

- Districts are compact (uniform shapes, recognizable shapes, not elongated or thinly sliced across the jurisdiction)
- Districts are contiguous (share a common border). However, since Porterville has census blocks that are separate from the City, there is no way for them to be contiguous.
- Districts are relatively equal in population, with a deviation no greater than 10% from the least populated to the greatest populated district. For example, if the ideal district should contain 1000 people, you could have one district that contains 950 people (5% under the ideal) and one district that contains 1050 people (5% over the ideal), with the other districts falling somewhere in between. The total deviation would be an acceptable 10%. *You can check your percentages by clicking on “statistics” on the right-hand side of the tool bar.*
- Districts keep neighborhoods and other communities of interest, like territories around schools, around landmarks, etc., together

Finalize Map

When you are finished, click on the “Maps” icon located on the top ribbon.

The screenshot displays the DRA2020 software interface for 'Eastvale Redistricting Map 1'. The top ribbon contains several icons, with the 'Maps' icon (a grid of squares) circled in green. The left sidebar features a 'District Selector' table with columns for District, Population, and Deviation. The central map area shows a redistricting plan with colored precincts. The right sidebar contains 'Precinct Details' and 'Composite 2016-2020' tables.

District Selector

Finalize Map

The screenshot shows the DRA2020 web interface. At the top, there is a search bar labeled "Search and Filter Maps" and a navigation menu with options like "About Data", "What's New", "Feedback", "Help", and "Donate". Below the search bar, there is a section titled "My Maps" with a dropdown arrow and "(1 map)". A table lists the map "Eastvale Redistricting Map 1". A green circle highlights the checkbox next to the map name, and a blue callout box points to it with the text: "Select the map you want to publish by clicking the checkbox next to the map." The table has columns for "Preview", "Name", "Labels", "Modified", "Plan", and "State". The "Modified" column shows "6:44 AM", "Plan" shows "0 2020/Other", and "State" shows "CA".

Preview	Name	Labels	Modified	Plan	State
<input type="checkbox"/>	Eastvale Redistricting Map 1		6:44 AM	0 2020/Other	CA

Another way to share your map with your jurisdiction is by publishing it for anyone to see and then letting them know.

Publish Map

Once selected, click the publish icon located in the top ribbon.

Once published, you **must** send an email to your jurisdiction with your map name to inform them that you have published a map. This is very important, otherwise they will not know that you have published a map.

The screenshot shows the 'My Maps' interface in the DRA2020 application. The top ribbon contains icons for 'Edit', 'Share', 'Duplicate', 'Publish', 'Delete', 'Rename', and 'Label'. The 'Publish' icon is circled in green. Below the ribbon, a table lists maps, with the first map 'Eastvale Redistricting Map 1' selected and its checkbox also circled in green. A 'Publish Map' dialog box is open in the foreground, containing the following text and fields:

Publish Map

Your published maps are visible to all DRA 2020 users. A good name and description will help other people find your map and understand how and why you built it.

Map Name
Eastvale Redistricting Map 1

Description

Including your Twitter handle in your profile will allow other users who are interested in your maps to follow your tweets and have conversations about the maps you are publishing.

Twitter Handle

CANCEL PUBLISH

This is your last opportunity to update the name of description of your map before it is made public. There is also an option to include a Twitter handle. Including your Twitter handle in your profile will allow other users who are interested in your maps to follow your tweets and have conversations about the maps you are publishing.

Share a Map

When you are finished, you can share the map directly with your jurisdiction.

The screenshot displays the DRA2020 software interface for "Eastvale Redistricting Map 1". The map shows several colored districts: a light blue district at the top, a green district on the left, a purple district in the middle, and a red district at the bottom. The interface includes a "District Selector" on the left with a table of districts, a "Colors" panel with checkboxes for "Map Colors", "Partisan Lean", "Demographics", and "Overlays", and a "Precinct Details" panel on the right. The "Share" icon (two arrows pointing outwards) is circled in green in the top right corner of the map area.

District	Population	Deviation
